

R.U.F.U.S.

REFILLABLE UNLIMITED FILTERED
ULTRA SYSTEM

Dog's best friend.

You already know that quality water equals quality of life. Regular tap water contains many harmful chemicals including fluoride. Fluoride was recently labeled a neurotoxin by a leading medical journal and linked to bone cancers in dogs.

Aqua UV has been your best source for clean, chemical-free water for over 30 years. Now we have the best line of protection against tap water contaminants for EVERY family member.

SELF-REFILLING PURIFIED WATER BOWL
